Malaga is the capital city of the Costa del Sol which is situated on the coast of the Mediterranean Sea. The city is a port in Andalucía, Southern Spain and it is known as being a major holiday resort. The city is not only well known for its sandy beaches but also for its rich history, additionally being the birthplace of the famous painter Pablo Picasso.

This modern city merges well with its historical background catering for all types of visitors, for those that wish to appreciate the past and those that want to discover the future.

The climate in Malaga is very nice the Mediterranean coastline regulates the summer heat to a more comfortable level and the Malaga Mountains form a good barrier barrier to protect the city from the cold.

Great historic monuments include the imposing Baroque Cathedral, popularly known as '*La Manquita*' (One Armed Woman), referring to its missing east bell tower. High on the hill above the city is

Accommodation during your Spanish Course

1) **Spanish Family** : Immerse yourself in the Spanish language and culture by having us arrange your accommodation with a host family. Almost 80% of students choose to live with a spanish host family during the first weeks of their program.

Staying with a host family is an important and rewarding part of the student's learning process. The students receive their own house key and are only required to bring their own towels. Students can choose half-board or full-board, and accommodation in a single or a double room. If there is more than one student with a family we will look for an international roommate in order to encourage the use of Spanish 24 hours a day. To select the type of accommodation

that suits you best or to inform us of any special (nutritional) needs, you can indicate your preference on the bottom of the registration form.

What means to live with a Spanish family?

- * Sleeping in a single room, sharing the the rest of the flat/house with the family
- * Half board - breakfast and lunch
- * You will be integrated into the daily life of the family and they will treat you as their friend
- * They will help you with your exercises as best they can (they are not teachers, but they speak everyday spanish)
- * They will offer to bring you wherever they themselves go: Cinema, pubs, dining with friends ...
- * If you have any problems in the town they will stay with you and help you.

Living with a Spanish host family :We ask that you reserve your accommodation with a Spanish Family at least **2 weeks in advance**. Malaga and Alicante are popular tourist destinations and if you wish to book accommodation during high season we advise you to make the reservation as soon as possible. We do accept last minute reservations, please check accommodation availability with us.

2) [Apartments](#) : We also offer you the option of **living in shared furnished apartment**, in an individual or a double room. Students can reserve an apartment or search by themselves for another type of accomodation. By living in a shared apartment you share **your life with 4 or 5 people from the Institute**

. You share: a living room where you can meet or watch television, a kitchen where you can prepare your meals and one or more bathrooms. That means that you will live with people of different nationalities and that you will practice speaking Spanish.

We ask that you reserve your accommodation in an **Apartment** at least 2 weeks in advance for Malaga and Alicante. They are popular tourist destinations and if you wish to book accommodation during high season we advise you to make the reservation as soon as possible. We do accept last minute reservations, please check accommodation availability with us.
